

Barrier Packaging

Double H is adding three new Barrier Paperboard cups to our packaging family. Barrier cups are available in sizes ranging from 11 to 16 ounces, with or without foil. The edge protected cups provide convenience and portability, along with enhanced moisture and oxygen barriers. The protected side seam prevents grease and oil wicking. The rim area is wider and flatter to allow for a larger sealing surface.

Upgrade the cup with a VersaForm composite lid for added protection and consumer appeal.

Double H maintains SQF Level 3 Certification and strives for the highest possible quality and service.

See reverse for additional information.

Barrier Packaging

Let our paperboard barrier packaging protect your product while differentiating your brand on shelf. All three sizes are perfect for on-the-go items such as cereal, snacks and treats.

	Fill Volume	Diameter	Height	Flat Rim
11 Ounce	11.5	3.540	3.250	✓
11.5 Ounce	11.64	3.409	3.733	✓
16 Ounce	16.13	3.839	3.885	-

Our barrier packaging offers:

- Enhanced oxygen and moisture barrier. OTR and MVTR specifications available on request.
- Material choices to fit specific requirements.
- Multiple sizes: 11, 11.5 and 16 Ounce packages, as well as the potential for custom sizes.
- Exceptional graphics capabilities, up to six colors available.
- Both flat & rolled rim options available.
- VersaForm Composite lids to fit, offering reclosability and the potential for backside printing.
